Term 4 Issue 1

Friday 28th February 2019

This Week at Wheatfield

Welcome back, everyone – I hope you had a really relaxing half-term break. We have another busy term ahead with lots of exciting activities and learning planned. We look forward to sharing this with you at our upcoming parents' evenings (see dates section for details).

Phil Winterburn - Headteacher

Grounds Day – tomorrow (10am – 1pm)

A reminder that we have a Grounds Day running tomorrow. If you haven't attended one before then you are very welcome to come along – there's no need to book – just drop in. In return for lending a helping hand to the school, you'll get a cuppa and a hot dog (and children will get to toast marshmallows on a camp fire).

Many of you will have spotted the new fence that adds a significant extension to our Wild Wood area. There's plenty of clearing to do in this space tomorrow (and the weeks ahead).

Year 2 History Fact Hunt

On Tuesday Year 2 introduced our new history topic, where we are learning about Neil Armstrong, by going on a fact hunt around the school grounds. We were given snapshots of parts of the school grounds and told that there were facts about Neil Armstrong hidden in each location. We used our problem solving and detective skills to find the different places and fill in 10 facts about Neil Armstrong. We really impressed our teachers with our collaborative skills as we worked so well with our partners.

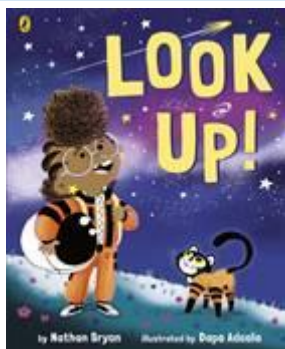

Children are invited to come to school wearing a tracksuit (or warm PE kit that they can wear outside) on Friday 13th March. We are suggesting a £1 donation to Sport Relief for this privilege **PAID VIA PARENTPAY**. During the day, children will take part in several sport related challenges (weather dependent) to mark this occasion.

British Science Week

We will be marking British Science Week the week beginning Monday 9th March.

This year's theme is 'our diverse planet' and many year groups will be linking this to other areas of the curriculum for the term. In addition, every class will be exploring the same question: '**do larger hands pick up more cubes?**' They may even draft in a few parent volunteers to test their theories!

World Book Day

Next week, to celebrate World Book Day, every class will be completing book-based activities based on the book 'Look Up!' by Nathan Bryon.

We are also encouraging children to bring in a favourite book to share with their class (please label these).

Finally, we hope that lots of you are able to come back for Book at Bedtime (5.15 – 6.00m) – remember a mug for your hot chocolate! A separate letter (and return slip) has been sent home about this event.

Year 6 SATs Meeting – Monday 30th March

Year 6 teachers will be holding a meeting to talk about the SATs (national tests) the children will be sitting in May. This will start at 3.45pm in the school hall – please do your best to attend.

Movie Night (Years 4 – 6)
